

Tax-free Retail services

We are Global Blue, specialists in one of the world's fastest growing sectors; globe shopping, where people from one country go shopping in another.

Globe shoppers have always existed of course but today they are travelling in greater numbers, arriving from more destinations, and spending larger amounts than ever before. For over 30 years we have been helping these travelers to get more from shopping and spending abroad, whilst helping merchants and banks capitalize on the globe shopper phenomenon.
