Arteco appoints SVT Solutions Inc. as manufacturer representative in Canada

FAENZA, Italy - Arteco Global, leader in the field of Video Event Management Software (VEMS) in the Security industry, is proud to announce our new strategic partnership with SVT Solutions Inc. of Surrey, BC. Under this agreement, SVT Solutions will strengthen Arteco's channel expansion in Western Canada, and provide Arteco with sales support by working closely with distribution channels and end users to promote and coordinate seamless sales transactions.

Arteco will benefit from the high level of commercial expertise provided by SVT: the company provides daily sales support with the goal to render the best customer service to all those involved in the various sales channels. Moreover all SVT services and functions are designed to increase each manufacturer's market penetration, brand awareness and year-over-year sales numbers. Thanks to SVT employee training, manufacturers are ensured that SVT possesses all of the necessary product knowledge to help them in making the right strategic business decisions for commercial projects and to develop end-to-end solutions of the highest quality.

"Our newly created partnership with SVT Solutions Inc. is another step towards our goal to have Arteco become and remain a mainstay name in the Canadian video surveillance industry," stated Kevin Wallace, Canadian country manager for Arteco Global, "Bryan Baxter and his team offer an exceptionally high level of professionalism in terms of sales and marketing support and this has spurred our expectations to reach substantial long-term growth and commercial success in Western Canada."

About Arteco Global Founded in 1987, ARTECO is a global provider of Video Security products based in Faenza, Italy with US operations in St. Louis, MO. With a focus on Ease of Use and Event Resource Management, Arteco's Research and Development principles have united world-class video analytics and video management software on a single-platform at competitive price-points to standard Video Management Software (VMS) products. Arteco views Video Analytics as an enhancement to the video security experience and not as a costly addition or complication to standard video management. Arteco products are available through their dedicated team of certified Integrator Partners around the world, including the United States, Italy, South Africa, Poland, and Canada.
